British Model Flying Association – Flying Site Permit

For the operation of model aircraft with an MTOM greater than 7.5Kg
at heights exceeding 400ft

1. Details of permission:

Contact Name	Tim Naylor	
Contact email address	tim00naylor@gmail.com	
Contact mobile number	07474 424630	
Club/Specialist body	Dartmoor Slope Soaring Club	
Name of site	Little Haldon	
OS Grid Reference	SX914764	
Coordinates	'+50.5774167	'-3.5338056
Permission requested for	Regular operation of models with an MTOM between 7.5kg & 25kg (for permanent notification of the site in the AIP)	
Description of activity	Flat-field model aero-towing using model gliders and tugs with MTOM between 7.5 and 25kg up to 1500ft above ground level and some smaller gliders soaring to higher levels.	
Hours of Operation	Daylight hours	
Maximum height of operations (ft agl) permitted	1500	
Maximum MTOM permitted for aircraft operated on site by this Permit	25Kg	

2. Conditions of issue:

- a. Unless the site is permanently notified in the Aeronautical Information Publication (AIP), a NOTAM must be in place whenever aircraft exceeding 7.5Kg are being operated above 400ft. For details of the current procedure for raising a NOTAM, please contact the BMFA.
- b. If you have applied for the site to be permanently notified in the AIP, a NOTAM must be in place whenever aircraft exceeding 7.5Kg are being operated above 400ft until such time that the site appears in the AIP. Please note that NOTAMs currently provide greater visibility to other airspace users than an AIP listing.
- c. If the site falls within controlled airspace, you are advised to notify the Air Navigation Service Provider (ANSP) responsible for it.
- d. If you have applied for the site to be notified in the AIP, details of the flying site and point of contact (including mobile number) will be submitted to the CAA for inclusion in the Aeronautical Information Publication (AIP).
- e. For details of any airspace restrictions (such as Temporary Danger Areas) we recommend the use of an appropriate app (such as Drone Assist from Altitude Angel).
- f. All flying of model aircraft up to 25Kg must be carried out in accordance with the terms of the current BMFA Article 16 Authorisation and BMFA Members' Handbook.
- g. All flying must be carried out in accordance with the local flying site rules and risk assessment.
